

8th INTECOL – EARLY REGISTRATION FEES

The 8th INTECOL Organizing Committee has decided to postpone the early registration until **1st of June** to permit all participants to complete their registration without harming anyone as we have experience difficulties to implement payment by credit card in the web site. We want sincerely to apologize to everyone for any inconvenient that this might have caused and to inform that payment of the registration fees by **VISA, MASTER and DINERS** credit cards are now available on the site .

For those who have already completed the registration form, we would kindly ask to complete it again as the system does not accept the payment with the old registration number . It is necessary to create a new registration number in order to effectuate the payment.

Once again we apologize for inconvenients or delays that this might have caused and we hope to see you soon in Cuiabá.

To VISA Cardholders: Some VISA Cardholders remain experiencing problems to pay 8th INTECOL fees. It this apply to you, please check with your bank. Visa has a protection system, named "Verify by Visa" and your bank need to be registered to that.
