

Society of Wetland Scientists Pacific Northwest Chapter Consultant List (Updated November 2011)

The SWS PNW Chapter Consultant List is provided as a service to our members and the general public, and does not constitute an endorsement or any statement of the consultant's qualifications other than the consultant is a current member of SWS (active member for 2011), in good standing, and the member has asked to be included on this list. This list may not be used to distribute marketing materials, and is intended for wetland consulting purposes. If you wish to find a Professional Wetland Scientist, please search by city or state at <http://www.wetlandcert.org/>.

SWS membership provides a forum to promote the inclusion of sound science in wetland policy and stewardship while facilitating the education of wetland professionals and the public regarding wetland science and its applications. SWS is an International Society with a code of ethics. For more information please visit www.sws.org.
