

SWS Consultant List (Updated 03/2009)

The list is provided as a service to our chapter members and does not constitute an endorsement or any statement of the consultant's qualifications other than that the consultant is a current SWS member and has asked to be included on this list. There is no requirement for a wetland consultant to be an SWS member. SWS membership provides a forum to promote the inclusion of sound science in wetland policy and stewardship while facilitating the education of wetland professionals and the public regarding wetland science and its applications.

[How to Hire the Right Wetland Consultant \(PDF\)](#)

[Inquiries about the list go to Jeffrey Walker](#)
